

HAPPY NEW YEAR 2008 FROM YOUR COMMERCIAL CENTER BUSINESS ASSOCIATION

A Special New Years Gift Just For you! Recently you may have noticed cheery bright new Murals, a cleaner, safer center, well lit areas, security patrols, a general better feeling and more customers. This is not by accident, these improvements have been made possible by The Commercial Center Business Association paid for by voluntary contributions from businesses like yours. For The New year we painted most of the light poles, & bases, curbs and partial walls on Market Street. This was not done by Clark County, although we asked for over 1 year, the Association gifts this improvement to you its members for all your contributions. Many improvements in the Center are a direct result of the efforts of the association. Some maintenance issues were 10 to 20 years old, many of these have been addressed and fixed in the past Year. Your contribution is needed to continue to make improvements which will help you grow your business in 2008. We are holding our membership drive for 2008, your can join for as little as \$12.50 per week, you will receive so many benefits, you will receive 100 times this amount in benefits, its the smartest place to put your dollars to work for you in 2008.
